SCAN ME

LEGO WeDo is designed for junior primary school students. The WeDo 2.0 set along with Software and guided Project provided is a hands-on solution that ignites students' curiosity, while enhancing their skills in **Science**, digital **Technology**, **Engineering** and **Maths**.

WeDo 2.0 is used with an iPad. In the WeDo robotics lessons, the students will build different robots following a set of guided instructions, and then apply the coding skills learnt to test and understand programs.

Key Learning Values:

- Investigating, modelling, and problem solving capabilities
- Engaging students in science and maths by making it real and relevant
- Programming, sequential logical thought processes
- Recognition of data, computational thinking
- Collaboration skills and Team work spirit
